

DEATUR recommends to the Citizen and Citizenship

Em recente visita à [LABACE](#) este Cidadão me senti em outro país, em função das aeronáuticas razões públicas e notórias noticiadas pelas mídias populares e/ou especialistas, bem como pelas recomendações do Departamento de Comunicação Social da Polícia Civil do Estado de São Paulo, a seguir transcritas:

“DEATUR RECOMMENDS

> Before travelling be sure to learn about the country's entry requirements to avoid any unpleasant surprises.

> Label your suitcase (s) with name tags or colored ribbons so you can recognize them from a distance.

> Do not take responsibility for baggage belongings of third parties and never agree to carry a strangers baggage either as a favor or for payment.

> Check for all personal documents before boarding and keep them in a safe place.

> Always be alert of your carry on baggage. Your 'laptop', 'note book', or cellphone should always be kept in your carry on baggage since these items are the most vulnerable for theft.

> During transfers to and from the airport be sure you have all your baggage. Also be aware of your belongings at all times while awaiting boarding.

> Only use company operated taxis whose vehicles are identifiable. Never use unidentified privately owned taxis even if they offer a cheaper fare.

> During your stay, put all valuables and money in the hotel's safe deposit box and write a back up copy, seal it and give to the manager.

> Avoid wearing expensive or expensive looking jewelry when you're out alone. Also avoid carrying large sums of money. Ask the hotel manager for directions of your destination and carry a map of the city. Advise the front desk when leaving and the amount of time you'll be away.

> Keep your credit card(s) in the hotel's safe deposit box when not in use otherwise, when in use, be vigilant. When purchasing an item always ask for the carbon copy and verify the amount before signing.

> When exchanging money only use accredited exchange houses and always avoid exchanging currency with strangers, they may try to take advantage.

> If you don't (sic) know the city, only use official tour guides preferably those who are recognized by "DEATUR" (Civil Police Division of Airports and Protection of Tourists).

> When in need of information or police assistance, contact the Operational Units of DEATUR.

> Below are some Civil Police Divisions who speak your language.
